GUIDELINES ON CANOEING AND KAYAKING SAFARIS
1.0 BACKGROUND

Canoeing/kayaking is the act of paddling a canoe /kayak which requires special paddle for moving along the surface of a body of water such as lake, river and sea. Kayaking is differentiated from canoeing by a sitting position of the paddler and by having two bladed on the paddler instead of one. This activity may be undertaken in National Parks with water bodies. It is an environmental friendly activity which contributes to the diversification visitors activities.

Thus, these guidelines are developed to ensure smooth operations of the activity as well as to enhance visitor experience.

2.0 AREAS WHERE THE ACTIVITY CAN TAKE PLACE IN THE PARK

2.1 Canoeing/kayaking will be operated in the areas as stipulated in the respective parks GMP. Pre-allocated launching, drop-offs and pick up sites will be established in the collaboration with the operator
